

Cornell Critical Thinking Tests

Grades: 5-12+

Critical Thinking, Tests

These tests develop a clear picture of your students' critical thinking abilities. They can be used to teach critical thinking skills, to predict students' performance on your state proficiency exam, for honors/AP programs, critical thinking courses, college admissions, careers, and employment. Both tests have been used in curriculum and teaching experiments for appraisal of the critical thinking ability of a group and as criteria for program admission and employment. The *Levels X* and *Z* tests can be licensed for use in your own test administration software platform (call 800-458-4849 for details).

Level X

Level X is a 71-item, multiple choice test for students in Grades 5-12+. It may be administered as 50-minutes timed or as an untimed evaluation. *Level X* assesses:

- Induction
