

Center for Foundational Neuroscience Research and Education

Travel Award Program 2025

One goal of the Center for Foundational Neuroscience Research and Education (CFNRE) travel award program is to help offset costs incurred by Fellows, Residents, postdocs, and/or graduate students in a Department or Center within the Rockefeller Neuroscience Institute or related departments in the Schools of Arts and Sciences or Engineering, in order that they would be able to present their basic, clinical, and/or translational research at a scientific conference or workshop.

Awards of up to \$1500 will support travel costs and/or conference registration fees of a Fellow, Resident, or Post-doc.

Awards of up to \$1000 will support travel costs and/or conference registration fees of a graduate student.

Awards will be capped based on available budget.

REQUIREMENTS

- Applicants must have been accepted to present a poster or talk at the conference/workshop listed below.
- Applicants must submit application at least four (4) weeks prior to conference/workshop travel.
- Awards are limited to one trainee per affiliated faculty member per year.
- Awarded investigators are expected to:
 - Present research at the conference/workshop.
 - Acknowledge the CFNRE in all work: ***This project has been supported in part by the West Virginia University Center for Foundational Neuroscience Research and Education.***
